Weaving on a Tape loom with Judy Sage

This program will focus on tape or box looms and examine the importance of tape through 18th century eyes. This will also be about spinning for this type of loom and a demonstration of warping and weaving for tape. And for those who wish to step back in time, members can try their hand at using this relic of the past.

Judy has been performing a one-woman show "Abigail Adams" for 40 years now and came to spinning and weaving through an in-depth study of Colonial and Revolutionary America through her depiction of Abigail Adams.

May Workshop: Preparing Fiber for Noro Style Yarns

Noro yarns are more popular than ever. If you are not familiar with them, they are specialty yarns that have interesting colorways that have extremely long repeats. Noro yarns come in many fibers and colorways but the colors and styles you want might not be available and they are very expensive. In this workshop, you will learn to design and prepare fiber into a roving that is ready to spin to create a Noro style yarn of your own.

Friday: Preparing on the Blending Board (Rolags)

Sunday: Preparing on the Drum Carder (Roving)

The class will cost \$90 that includes materials fees and parking. Payments can be either check made out to GLASG or PayPal at membership@glasg.org (if you pay with PayPal we ask you add a couple extra dollars to cover the PayPal fee)

Space is limited.

May Program: Yarns That Change in Color and Texture. Gwen will discuss how they are made and how to work with them in weaving, knitting and crochet.

GLASG Spin-Along

GLASG is doing a SAL in 2017. The idea was hatched during our Jillian Moreno workshops. There are so many different ways to spin fiber that even those of us that were spinning the same thing were coming up with different results -- all gorgeous. We thought it would be fun to have a guild SAL where we all start with the same thing and then share our results. The finish products will be shared during a guild meeting so we can all oogle the finish yarns and talk about how we got them.

We are going to have custom dyed fiber for the SAL. I thought it would be fun to have 3 different colorways available in a couple different bases in 2oz put ups to enable combo spins and increase the possibilities.

I will create a "SAL 2017 Inspiration" photo album in the group. Add pictures that you'd like the colorways based on. We will all vote and the top 3 will become our SAL colorways. Everyone can vote by clicking "like" on the pictures they'd like to spin. Vote as many times as you'd like. I will also be posting on the Ravelry group.

Initial voting will be open through the end of January. On Feb 1st I will post the top picks from FB and Ravelry in both places and we'll have a week of voting to pick the winners from among them. It's the fairest thing I could think of since not everyone is on FB. The members that post the winning pictures will each get 2oz of their colorway as a prize.

Once we have the colorways picked out I'll post ordering information.

Reminder: Dues for the 2017 year are now due. Be sure to pay at the next meeting or via PayPal. Application is on the last page of this Newsletter.

Announcements

The Marshfield School of Weaving

www.MarshfieldSchoolofWeaving.com

Because of the overwhelming response to our April event celebrating the equipment received from ATHM we have decided to hold an even bigger event this summer so that all those who wanted to come in April will have another chance. Details will soon be on the website but we have decided on a date of Saturday, July 29, 2017. The format will be similar to our April event but we will also be adding a tweed waulking with Norman Kennedy and music and dancing up at Kate's barn!

This is the school that had the two days of spinning wheel workshops this month. I had decided not to go because others I invited could not fit into their class. If you scroll down, you will see the July 29th schedule they have now. I have two others who have confirmed they want to go with me. Let me know soon, if you would like to attend, and I can contact them with a list. Sounds like it would be a wonderful weekend. The biggest cost will be transportation and board. Oh, a rental car is necessary because the school is an hour from the airport. Also, if we move fast enough, we can get rooms on the grounds. *Edith*

We now have a section on the website for members' spinning stories. If you would like to post your experiences with spinning, send pictures and your story to editor@glasg.org.

The GLASG website is updated at least every month. We would like to have more input into the website. Please send editor@glasg.org pictures and articles that are labeled. If the pictures have people, please send a note that the people in the picture agree to have their picture put on the internet. We will take your word on this. Please include either a caption to go along with any pictures.

If you have uploaded any spinning related videos to YouTube, please forward the information to editor@glasg.org. We will list the videos under resources. Thank you.

Guild members may place a fiber related "for sale" advertisement in the newsletter. Email editor@glasg.org your information for the ad. These ads are not for commercial ventures.

PLEASE add editor@glasg.org and GwenPowellSpinner@outlook.com to "safe senders" setting in your email. I get bounced emails because I am not on your list and do not have time to contact you individually. Thank you

Ongoing: The Orange County Spinning Guild is an informal group. Margaret Trousdale (sciencetcher@gmail.com) is now arranging meetings and can provide information on their locations.

More events can be found on our [Ravelry Group](#)
